## DEADLINE: MUST BE RECEIVED BY JANUARY 15, 2019

### PLEASE READ DIRECTIONS CAREFULLY

- Parents may apply online or directly in writing to School Choice & Parental Options using the official Magnet Application Form. Only one (1) application per student will be accepted. Duplicates and revisions WILL NOT be accepted.
- **All applications will be processed at the office of School Choice & Parental Options only.** If using the paper application, please send your applications directly to the office to the address listed on the application.
- Please complete all required areas. Failure to sign and/or complete all sections may result in the application not being processed.
- Students may apply to a maximum of five (5) schools (one (1) PROGRAM per school). If more than five (5) selections are made, we will process only five (5) and reserve the right to make this application void.
- Individual schools may require additional documentation. You must contact the individual schools to which you are applying. All required documentation must be uploaded with the online application or sent directly to the school(s) to which you are applying by the application deadline.
- Admission priority is given to applicants with siblings currently attending and who will attend the same magnet school for the school year for which you are applying (a minimum of one concurrent year). Acceptance is based upon the availability of open seats in the grade level for which the student is applying. This priority is not applicable for audition-based Magnet programs. To be considered for Sibling Status, the following must be met:
  - Provide the correct Miami-Dade County Public Schools Student Identification Number for both the applicant and applicant's sibling(s),
  - meet all entrance requirements,
  - the sibling must reside in the same household as the student who is applying, or documentation of joint custody must be provided.
- Applicants who are part of a multiple birth (twins, triplets, quadruplets, etc.) must submit an individual application for each applicant. The entrance requirements are reviewed for each applicant individually. Only one multiple birth applicant is entered into the random selection process, if one of them is selected for admission, the other(s) will be prioritized for admission to the same program, as long as they each meet entrance requirements. To receive the priority, parents/guardians must complete the multiple birth section of the application to link the students. Parents may opt not to link multiple birth student applications as indicated on the application. A multiple birth (twins, triplets, quadruplets, etc.) priority is not applicable for audition-based Magnet programs.
- If your child does not have an active Miami-Dade County Public Schools Student Identification Number, you should write "NO ID" on the application in the area labeled M-DCPS Student ID Number (paper applications only). Applications may also be submitted online for students who have not been issued a M-DCPS Student ID Number.
- All notifications from schools will be sent to the email address listed on the application. It is the responsibility of the parent/guardian to ensure that email address and all contact information are current within the M-DCPS system.
- For questions, contact School Choice & Parental Options at 305-995-1922 or visit [www.miamimagnets.org](http://www.miamimagnets.org)
